Having just got Married ourselves, we understand the stress involved in arranging your Wedding day!

Amdanom ni

Rydym yn ymfalchïo mewn cynhyrchu ffilmiau o'r ansawdd uchaf. Mae ein arddull dogfennol o ffilmio yn sicrhau ein bod yn cynhyrchu cofnod arbennig o'ch diwrnod.

Wedi gweithio yn y diwydiant cyfryngau am flynyddoedd, gan weithio gyda'r BBC, S4C a Sky, mae gennym angerdd ar gyfer creu delweddau sydd nid yn unig yn edrych yn wych, ond hefyd yn dweud y stori o'ch diwrnod mawr.

Rydym yn dîm o 2 sy'n gweithio gyda'i gilydd gan ddefnyddio amrywiaeth o offer gan gynnwys camerâu HD, GoPro a drôn.

Rydym newydd ennill gwobr fel 'Best Regional Wedding Videographers' yn y '2017 National Welsh Wedding Awards'. Rydym hefyd yn cael eu hargymell gyda 'Cwtch y the Bride' a 'Rock my Wedding.' Mae'r ddau yn un o'r gwefannau Priodas Blog blaenllaw yn y wlad.

About us

We pride ourselves on producing the highest quality films. Our unobtrusive coverage and documentary style of filming ensures that we produce an engaging and beautiful keepsake of your special day.

Having worked in the media industry for many years, working with the BBC, S4C and Sky, we have a passion for creating images that not only look great, but also tells a story.

We are a team of 2 that work together using a variety of equipment from HD cameras, GoPro's and a drone.

We were awarded the 'Best Wedding Videography Company' in our region at the recent Welsh National Wedding Awards. We are also recommended suppliers with 'Cwtch the Bride' and 'Rock my Wedding.' Both are one of the leading Wedding Blog websites in the country.

The Packages

The Standard

We film everything from the arrival of the guests at the Service right through to the Speeches.

This will typically include -

- › Arrival of the Groom
- › Arrival of Guests
- › Arrival of the Bridal Party & Bride
- › The Ceremony
- › Signing of the Register
- › Confetti Shot
- › Guests outside of Ceremony
- › The photo-shoot with the Couple
- › Guests at Reception
- › The Speeches
- › Cutting of the Cake

We basically film everything from the guests arriving up until the end of the speeches!

The Extras

BRIDAL PREPARATIONS IN THE MORNING £200

We arrive 2 hours before the Service starts to film everything that is going on wherever the Bride and her Party are in morning. This includes putting little GoPro cameras in the transport to the Service.

FIRST DANCE £200

We film the first dance and the guets enjoying themselves!

A Highlight film will be made when all of the options are chosen. This is a great way to share you special day with family and friends.

The Highlight film can be shared on social media if you wish.

Our aerial photography & video service ensures that we capture your special day from a different and unique angle.

The use of this service is included free of charge, weather permitting!

Frequently Asked Questions

How many copies will I receive?

You will receive 3 copies.
You can order more priced at £15 each

How long will the video be?

This all depends on the length of the Ceremony and Speeches. A typical video is usually 60-120 minutes in length.

How do you work alongside the Photographer?

We have a great working relationship with the photographers that we have worked with! It can be quite a tight space to film and photograph the Ceremony, so we make sure that we have spoken to your Photographer beforehand to make sure that we are not in each other's way.

Do you require a Deposit?

Yes – we require a deposit of £100 to confirm the booking along with a completed Booking Form. Contact us to check our availability and to download a Booking Form

I don't want a big camera following me all day

Our documentary style of filming means that we are never intrusive to the Bride and Groom or your guests. We don't use old-fashioned big and heavy cameras; they are small cameras that look like photography cameras.

The Vicar / Registrar said that a licence is needed to film the Ceremony. Have you got a licence?

Yes, we can get a Limited Manufacture License that covers the use of the hymns and songs used on the video. This is done on a Wedding-by-Wedding basis.
